

TeamView® Timestamp

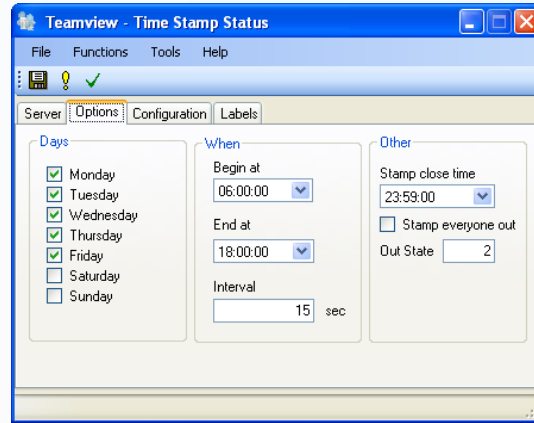

TeamView® Timestamp

For organizations that use In/out Systems

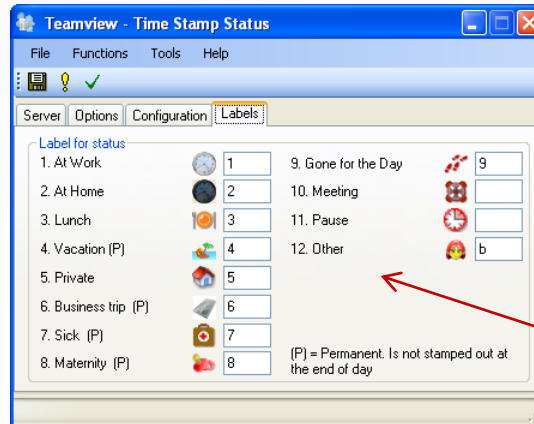

The screenshot displays the TeamView Unified Operator interface. On the left, there are status indicators for 'Hovednummer' (0 1 1) and 'Sales' (0 4 4). The main area shows a profile for Keld G. Hansen, CEO at Scantalk ApS, with contact information and a photo. A calendar grid is visible above the profile. On the right, a list of employees is shown with their names and department numbers. A blue arrow points from the text 'Presentation in Unified Operator' to the employee list.

Navn	Nummer
Allan Demosen - Dem...	5112
John Doe - omstilling	5110
Kantine	4908

Support	4911
Wilbert Zapata Melen...	4918

Presentation in
Unified Operator

TeamView® Timestamp offers the possibility of recording time parameters

Employees presence is shown as

In

Out

Assuming that the In/out System supports individual absence reasons, the TeamView® Timestamp can display these in the form of icons

or with any of the listed absence icons
